### **1.3 AUTHORITY**

The TWDB is posting this solicitation pursuant to Texas Water Code §§ 6.190 and 16.012.

### **1.4 BACKGROUND**

In planning future water supplies at the provider, regional, and state levels, water conservation and water loss mitigation are important strategies for extending existing supplies. In 2019, the TWDB was appropriated \$127,860 to conduct a study to further such strategies through quantification and measurement. Similar allocations in the past resulted in the development of the Municipal Water Conservation Planning Tool and the Statewide Water Conservation Project.

Water loss audits are required to be completed every five years by all public retail water providers. Public retail water utilities having an active financial obligation with the TWDB, or a retail public water utility with more than 3,300 connections (31 TAC §358(b)(1)), must submit a water loss audit annually. Third-party validation of water loss audit data evaluates the implementation of applicable

best practices by the water utility. This benefits the utility by identifying where best to spend limited funds and by helping to ensure that the most cost-effective water loss measures are targeted. When utilities receive financial assistance through state and federal programs, such validation can be particularly important.

The Texas Water Development Board's water loss audit methodology follows general industry standards and includes self-validation of a utility's data. However, third-party validations, such as those required in Georgia and California, are not required in Texas and are uncommon.

## **SECTION II – SCOPE OF WORK**

---

### **2.1 SCOPE OF SERVICES REQUESTED**

The awarded Contractor must complete the following tasks:

1. Conduct a data validation of six or more water utilities of varying size (<10,000; 10,000-49,999; and 50,000-100,000 population). The TWDB will work with the Contractor to identify potential retail public water utilities interested in participating in the study. These utilities will need to be comfortable sharing their water loss audit process, data and records and describe how they historically utilized the audits in addressing water loss.
2. Work with TWDB staff in drafting validation questions based on industry standards and the TWDB's online reporting application format. These questions should be able to be used in future self and third-party validation efforts.
3. The contractor will review the current and past water loss data submitted by the utilities in order to understand each utility's data gathering process.
4. Conduct at least one in-person meeting with the applicable departments of participating water utilities and as many video/teleconferences as necessary to adequately assess the data collection process of the utilities. This will include:
  - confirmation of the accurate application of the water loss methodology,
  - identification of any potential inaccuracies in data and data collection, and
  - verification of the assessment values.
5. After the data validation meetings, the Contractor must provide a report on the validity of the utility's water loss data to each participant for the utility's record keeping and best management use. This will include:
  - revised assessment values as needed that reflect the utility practices,
  - identification of data collection inaccuracies, and
  - recommendations for improved data collection and future validation activities.
6. Provide a final report to the TWDB that includes:
  - a list of the final water loss assessment questions to be used in future validations,
  - a final meeting agenda used in the validation process,
  - a summary of the validation exercises, including any template or tool,
  - a copy of each of the validation reports provided to each participating utility,
  - a description of benefits, challenges and lessons learned of third-party validations for Texas public retail water utilities, and

- an estimate of costs for third-party validations (both monetary costs and staff-time estimates) of Texas public retail water utilities by size category.

## **2.2 REQUIREMENTS**

Respondents to this RFQ are required to have the following:

- Educational degrees and any professional certification related to this type of work.
- Experience working on water loss audit validation on a local, state and national level.
- Experience in the development of water loss validation programs and familiarity with associated methodologies.
- Familiarity with TWBD's water loss methodology and online reporting application.
- Experience managing technical contracts requiring short and strict delivery deadlines within budget.

## **2.3 SUBCONTRACTORS**

Subcontractors providing services must meet the same requirements and level of experience as required of the Contractor. No subcontract should relieve the primary Contractor of responsibility for the service. If the Contractor uses a subcontractor for any or all work required, the following conditions must apply under the listed circumstances:

- (a) Respondents planning to subcontract all, or a portion of the work must identify the proposed subcontractors on the HUB Subcontracting Plan.
- (b) Subcontracting must be at the Respondent's expense.
- (c) TWDB retains the right to check a subcontractor's background and decide to approve or reject the use of submitted subcontractor. A subcontractor may not be compensated for any work prior to the approval date of the subcontract agreement between the Contractor and the subcontractor by TWDB.
- (d) The Respondent must be the only contact for TWDB relating to work done under a Contract resulting from this solicitation. Respondent must list a designated point of contact for all TWDB and subcontractor inquiries.

## **2.4 CONTRACT TERM**

The Service requested will be provided upon execution of the Contract through December 1, 2020.

Any Contract resulting from this solicitation is subject to termination or cancellation without penalty to TWDB, either in whole or in part, subject to the availability of state funds.

## **2.5 COMPENSATION**

Available funding will be negotiated once a vendor is selected. Failure to arrive at mutually agreeable terms of a contract with the most qualified respondent will constitute a rejection of TWDB's offer and may result in subsequent negotiations with the next most qualified respondent. The TWDB reserves the right to reject any or all responses.

The awarded vendor will only receive compensation once a Task has been completed, reviewed and accepted by TWDB and an invoice is submitted requesting funds for that approved Task.

## 2.6 LIQUIDATED DAMAGES

If the selected Contractor breaches its obligation to provide deliverables in accordance with the schedule in Section 3.1, the selected Contractor must pay TWDB \$100.00 per day for each day of delay as liquidated damages. The parties agree that quantifying losses arising from the selected Contractor's delay is inherently difficult, and stipulate that the sum agreed upon for liquidated damages is not a penalty, but rather a reasonable measure of damages based on the parties' experience in the industry and the nature of the losses that may result from delay.

## SECTION III – DELIVERABLES

---

### 3.1 CONTRACT DELIVERABLES

The Contractor must provide:

1. A water loss audit validation report to each participating utility for record keeping and best management use, and
2. A final report to the TWDB that includes
  - a list of the final water loss assessment questions to be used in future validations,
  - a final meeting agenda used in the validation process,
  - a summary of the validation exercises, including any template or tool,
  - a copy of each of the validation reports provided to each participating utility,
  - a description of benefits, challenges and lessons learned of third-party validations for Texas public retail water utilities, and
  - an estimate of costs for third-party validations (both monetary costs and staff-time estimates) of Texas public retail water utilities by size category.

#### **5.11 NON-APPROPRIATION OF FUNDS**

Any contract resulting from this solicitation is contingent on the continued availability of lawful appropriations by the Texas Legislature. If the Texas Legislature fails to continue funding for the payments due under an order referencing the contract, the order will terminate as of the date that the funding expires, and TWDB will have no further obligation to make any payments.

#### **5.12 PUBLIC INFORMATION ACT**

Information, documentation, and other material in connection with this solicitation or any resulting contract may be subject to public disclosure pursuant to Texas Government Code Chapter 552 (the "Public Information Act"). In accordance with Texas Government Code § 2252.907, Respondent is required to make any information created or exchanged with the State pursuant to the solicitation or contract and not otherwise excepted from disclosure under the Public Information Act available in a format that is accessible to the public at no additional charge to the State.

#### **5.13 GOVERNING LAW AND VENUE**

Any contract resulting from this solicitation will be governed by the laws of the State of Texas, without regard to the conflicts of law provisions. The venue of any suit arising under a contract resulting from this solicitation is fixed in any court of competent jurisdiction of Travis County, Texas, unless the specific venue is otherwise identified in a statute which directly names or otherwise identifies its applicability to the TWDB.

#### **5.14 ETHICS**

Under Texas Government Code § 2155.003, an individual who interacts with public purchasers in any capacity is required to adhere to the guidelines established in Section 1.2 of the State of Texas Procurement Manual, which outlines the ethical standards required of public purchasers, employees, and bidders who interact with public purchasers in the conduct of state business, and with any opinions of or rules adopted by the Texas Ethics Commission. Entities who are interested in seeking business opportunities with the state must be mindful of these restrictions when interacting with public purchasers of TWDB or purchasers of other state agencies. Specifically, a TWDB employee may not have an interest in, or in any manner be connected with a contract or bid for a purchase of goods or services by an agency of the state; or in any manner, including by rebate or gift, accept or receive from a person to whom a contract may be awarded, directly or indirectly, anything of value or a promise, obligation, or contract for future reward or compensation.

#### **5.15 FRAUD STATEMENT**

Respondents understand that the TWDB does not tolerate any type of fraud. The TWDB's policy is to promote consistent, legal, and ethical organizational behavior by assigning responsibilities and providing guidelines to enforce controls. Any violations of law, agency policies, or standards of ethical conduct will be investigated, and appropriate actions will be taken. Contractors are expected to report any possible fraudulent or dishonest acts, waste, or abuse to the agency's Internal Audit division at 512-463-7978 or Nicole.Campbell@twdb.texas.gov.

#### **5.16 CONFLICT OF INTEREST**

A Respondent will not be selected if there is a conflict of interest that will or may arise during the performance of its obligations under the contract. For this reason, the submission in response to this RFQ must disclose all business interests and all relationships that could reasonably be considered to pose possible conflicts of interest in the respondent's performance of the contract obligations. In addition, respondents must represent and warrant in the response to this RFQ and in the contract that in the performance of services under the contract, (1) Respondent does not have and will not have any actual or potential conflict of interest, and (2) Respondent will take whatever reasonable actions may be necessary and prudent to avoid even the appearance of impropriety.

#### **5.17 RIGHT TO AUDIT**

The state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under the contract or indirectly through a subcontract under the contract. The acceptance of funds directly under the contract or indirectly through a subcontract under the contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, an entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

#### **5.18 CONTRACT ADMINISTRATION**

The TWDB will designate a project manager for the contract. The project manager will serve as the point of contact between the TWDB and the selected contractor. The TWDB's project manager will supervise the TWDB's review of the contractor's technical work, deliverables, draft reports, final report, payment requests, schedules, financial and budget administration, and similar matters. The project manager does not have any express or implied authority to vary the terms of the contract, amend the contract in any way, or waive strict performance of the terms or conditions of the contract.

### **5.19 CONTRACT AMENDMENT/TERMINATION**

This contract may be altered or amended by mutual written consent or terminated by the Executive Administrator at any time by written notice to the contractor. Upon receipt of such termination notice, the contractor must, unless the notice directs otherwise, immediately discontinue all work in connection with the performance of the contract and must promptly cancel all existing orders insofar as such orders are chargeable to the contract. The contractor must submit a statement showing in detail the work performed under the contract to the date of termination. The TWDB will then pay the contractor promptly that proportion of the prescribed fee, which applies to the work actually performed under the contract, less all payments that have been previously made. Thereupon, copies of all work accomplished under the contract must be delivered to the TWDB.

### **5.20 STOP WORK ORDER**

The Executive Administrator may issue a Stop Work Order to the contractor at any time. Upon receipt of such order, the contractor must discontinue all work under the contract and cancel all orders pursuant to the contract, unless the order directs otherwise. If the Executive Administrator does not issue a Restart Order within 60 days after receipt by the contractor of the Stop Work Order, the contractor must regard the contract terminated in accordance with the foregoing provisions.

### **5.21 CONTRACTOR PERFORMANCE**

State agencies are required to report a contractor's performance on any purchase of \$25,000 or more from contracts administered by the TWDB or any other purchase made through an agency's delegated authority or a purchase made pursuant to the authority in Government Code, Title 10, Subtitle D or a purchase exemption from CPA/TPASS procurement rules and procedures.

### **5.22 DEFAULT**

If the contractor is found to be in default under any provision of the contract, TWDB may cancel the contract without notice and either re-solicit or award the contract to the next best responsive and responsible Respondent. In the event of abandonment or default, the contractor will be responsible for paying damages to TWDB including but not limited to re-procurement costs, and any consequential damages to the state of Texas or TWDB resulting from the contractor's non-performance. The defaulting contractor will not be considered in the re-solicitation and may not be considered in future solicitations for the same type of work, unless the specification or scope of work is significantly changed.

### **5.23 FORCE MAJEURE**

Neither the contractor nor TWDB will be liable to the other for any delay in, or failure of performance, of any requirement included in the contract resulting from this RFQ caused by force majeure. The existence of such causes of delay or failure will extend the period of performance until after the causes of delay or failure have been removed, provided the non-performing party exercises all reasonable due diligence to perform. Force majeure is defined as acts of God, war, fires, explosions, hurricanes, floods, failure of transportation, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such party is unable to overcome.

### **5.24 OWNERSHIP/INTELLECTUAL PROPERTY, INCLUDING RIGHTS TO DATA, DOCUMENTS AND COMPUTER SOFTWARE**

For the purposes of the contract, the term "Work" is defined as all reports, statistical analyses, work papers, work products, materials, approaches, designs, specifications, systems, documentation,

methodologies, concepts, research, materials, and intellectual property or other property developed, produced, or generated in connection with the contract. All work performed pursuant to the contract is made the exclusive property of TWDB. All right, title and interest in said property shall vest in TWDB upon creation and shall be deemed to be a work for hire and made in the course of the services rendered pursuant to the contract. To the extent that title to any such work may not, by operation of law, vest in TWDB, or such work may not be considered a work made for hire, all rights, title and interest therein are hereby irrevocably assigned to TWDB. TWDB shall have the right to obtain and to hold in its name any and all patents, copyrights, registrations, or such other protection as may be appropriate to the subject matter, and any extensions and renewals thereof. The contractor must give TWDB and/or the state of Texas, as well as any person designated by TWDB and/or the state of Texas, all assistance required to perfect the rights defined herein without any charge or expense beyond those amounts payable to the contractor for the services rendered under the contract.

The contractor must maintain and retain supporting fiscal and any other documents relevant to showing that any payments under the contract funds were expended in accordance with the laws and regulations of the state of Texas, including but not limited to, requirements of the Comptroller of the state of Texas and the State Auditor. The contractor must maintain all such documents and other records relating to the contract and the State's property for a period of four (4) years after the date of submission of the final invoices or until a resolution of all billing questions, whichever is later. The contractor must make available at reasonable times, upon reasonable notice, and for reasonable periods, all documents and other information related to the "Work" as defined as work products developed by the contractor and subcontractor using funds provided under the contract or otherwise rendered in or related to the performance in whole or part of the contract, including but not limited to reports, drafts of reports, or other material, data, drawings, studies, analyses, notes, plans, computer programs and codes, or other work products, whether final or intermediate. The contractor and the subcontractor shall provide the State Auditor with any information that the State Auditor deems relevant to any investigation or audit. The contractor must retain all work and other supporting documents pertaining to the contract, for purposes of inspecting, monitoring, auditing, or evaluating by TWDB and any authorized agency of the state of Texas, including an investigation or audit by the State Auditor.

The contractor must cooperate with any authorized agents of the state of Texas and provide them with prompt access to all of such State's work as requested. The contractor's failure to comply with this Section will constitute a material breach of the contract and will authorize the TWDB and the state of Texas to immediately assess appropriate damages for such failure. Pursuant to Texas Government Code § 2262.003, the acceptance of funds by the contractor or any other entity or person directly under the contract, or indirectly through a subcontract under the contract, constitutes acceptance of the authority of the State Auditor to conduct an audit or investigation in connection with those funds.

### **5.25 Drug-Free Workplace Policy**

The contractor must comply with the applicable provisions of the Drug-Free Work Place Act of 1988 (Public Law 100-690, Title V, Subtitle D; 41 U.S.C. 701 et seq.) and maintain a drug-free work environment. The final rule detailing requirements for drug-free work place (grants) issued by the Office of Management and Budget and the Department of Defense (32 CFR Part 280, Subpart F) to implement the provisions of the Drug-Free Work Place Act of 1988 is incorporated by reference, and the contractor shall comply with the relevant provisions thereof, including any amendments to the final rule that may hereafter be issued.

### **5.26 SMOKE FREE POLICY**

The contractor represents and warrants that all the above coverage is with companies licensed in the state of Texas, with "A" rating from A.M. Best, and authorized to provide the corresponding coverage. The contractor represents and warrants that it shall maintain the above insurance coverage during the term of the contract and shall provide TWDB with an executed copy of the policies immediately upon request.

### **5.28 ORDER PRECEDENCE**

In the event of conflicts or inconsistencies between the contract and its exhibits or attachments, such conflicts or inconsistencies shall be resolved by reference to the documents in the following order of priority: Signed Contract (or Notice of Award), Attachments to the Contract (or Notice of Award), Request for Qualifications, and Respondent's Response to Request for Qualifications.

### **5.29 PROPRIETARY INFORMATION**

The TWDB is a government agency subject to the Texas Public Information Act (PIA), Chapter 552, Texas Government Code. The Proposal and other information submitted to the TWDB by the Respondent are subject to release as public information. The Proposal and other submitted information are presumed to be subject to disclosure unless a specific exception to disclosure under the PIA applies. If it is necessary for the Respondent to include proprietary or otherwise confidential information in its Proposal or other submitted information, the Respondent must clearly label that proprietary or confidential information and identify the specific exception to disclosure in the PIA. Merely making a blanket claim that the entire Proposal is protected from disclosure because it contains some proprietary information is not acceptable and shall make the entire Proposal subject to release under the PIA. In order to trigger the process of seeking an Attorney General opinion on the release of proprietary or confidential information, the specific provisions of the Proposal that are considered by the Respondent to be proprietary or confidential must be clearly labeled as described above. Any information which is not clearly identified as proprietary or confidential shall be deemed to be subject to disclosure pursuant to the PIA.

### **5.30 PUBLIC DISCLOSURE**

No public disclosures or news releases pertaining to the contract may be made without prior written approval of TWDB.

### **5.31 TAXES**

The contractor represents and warrants that it shall pay all taxes or similar amounts resulting from the contract, including, but not limited to, any federal, state, or local income, sales or excise taxes of the contractor or its employees. TWDB shall not be liable for any taxes resulting from the contract.

### **5.32 INFRINGEMENTS**

The contractor shall have no liability under this section if the alleged infringement is caused in whole or in part by: (i) use of the product or service for a purpose or in a manner for which the product or service was not designed, (ii) any modification made to the product without the contractor's written approval, (iii) any modifications made to the product by the contractor pursuant to the TWDB's specific instructions, (iv) any intellectual property right owned by or licensed to the TWDB, or (v) any use of the product or service by the TWDB that is not in conformity with the terms of any applicable license agreement.

If the contractor becomes aware of an actual or potential claim, or the TWDB provides the contractor with notice of an actual or potential claim, the contractor may (or in the case of an injunction against TWDB, shall), at the contractor's sole option and expense (i) procure for the TWDB the right to continue to use the affected portion of the product or service, or (ii) modify or replace the affected portion of the product or service with functionally equivalent or superior product or service so that the TWDB's use is non-infringing.

### **5.33 TAXES/WORKERS' COMPENSATION/UNEMPLOYMENT INSURANCE – INCLUDING INDEMNITY**

THE CONTRACTOR AGREES AND ACKNOWLEDGES THAT DURING THE EXISTENCE OF THIS CONTRACT, THE CONTRACTOR SHALL BE ENTIRELY RESPONSIBLE FOR THE LIABILITY AND PAYMENT OF THE CONTRACTOR'S AND THE CONTRACTOR'S EMPLOYEES' TAXES OF WHATEVER KIND, ARISING OUT OF THE PERFORMANCES IN THIS CONTRACT. THE CONTRACTOR AGREES TO COMPLY WITH ALL STATE AND FEDERAL LAWS APPLICABLE TO ANY SUCH PERSONS, INCLUDING LAWS REGARDING WAGES, TAXES, INSURANCE, AND WORKERS' COMPENSATION. THE TWDB AND/OR THE STATE SHALL NOT BE LIABLE TO THE CONTRACTOR, ITS EMPLOYEES, AGENTS, OR OTHERS FOR THE PAYMENT OF TAXES OR THE PROVISION OF UNEMPLOYMENT INSURANCE AND/OR WORKERS' COMPENSATION OR ANY BENEFIT AVAILABLE TO A STATE EMPLOYEE OR EMPLOYEE OF ANOTHER GOVERNMENTAL ENTITY TWDB. THE DEFENSE SHALL BE COORDINATED BY CONTRACTOR WITH THE OFFICE OF THE ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND CONTRACTOR MAY NOT AGREE TO ANY SETTLEMENT WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE ATTORNEY GENERAL. THE CONTRACTOR AND THE TWDB AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER OF ANY SUCH CLAIM.

### **5.34 REMEDIES**

All remedies available to TWDB for breach or anticipatory breach of the contract by the contractor are cumulative and may be exercised concurrently or separately and the exercise of any one remedy shall not be deemed an election of such remedy to the exclusion of other remedies. Notwithstanding any exercise by Agency of its rights of early termination, Outside Counsel shall not be relieved of any liability to Agency for damages due to Agency by virtue of any breach of this OCC by Outside Counsel or for amounts otherwise due Agency by Outside Counsel.

Liquidated damages, actual damages, cost projections, injunction relief and/or performance bonds may also be invoked either separately or combined with any other remedy in accordance with applicable law.

Section 8 of the Standard Outside Counsel Contract (available from the Office of Attorney General) contains required Certifications of Outside Counsel to include licenses and conduct, prohibitions and compliance with state law provisions. These sections compel compliance and frame the monitoring approach. Counsel is also monitored through the payment approval process that requires three levels of sign off, including the OAG, before reimbursement will occur.

The Certificate of Interested Parties (Form 1295) is a sworn statement by the contracting business entity and must be submitted even if there is no interested party in the transaction. The Form 1295 and instructions for completing and submitting the form are available at: <https://www.ethics.state.tx.us/tec/1295-Info.htm>. The TWDB is prohibited from executing a contract unless the contracting business entity submits a completed Form 1295. Any contract resulting from a TWDB procurement with a business entity will be void if the Certificate of Interested Parties is not submitted within 30 days of submitting an executed contract.
